3. Requirements for all Phase I & II participants, 2008-09

- Network Nebraska Participation Fee
 - Is used to recover administrative costs for maintaining and operating Network Nebraska at the CIO/UNCSN/NET levels
 - Currently \$200/month/site **IS UNDER REVIEW**
 - Network Nebraska Participation Fee is NOT E-rate eligible.
 - NNNC Model: The CIO bills the Phase 1 ESUs (who then rebill their member schools) and the higher ed entities directly (What about Phase II ESUs?)
 - The CIO reviews revenue vs. costs at 6 month intervals and adjusts the fee accordingly
- Inter-regional Transport Fee
 - Is used to inter-connect the NE, SW/W, and SE Ethernet clouds and provide statewide transport and distance learning exchange
 - **Costs are currently being determined** based on bids and the amount of bandwidth that will be carried
 - E-rate Form 471 will be filed by the CIO's office
 - Will need to obtain Free/Reduced lunch data from ESUs 1, 2, 7, 8, 9, 10, 11, 15, 16, 17
 - Costs are billed to the K-12 entities (or groups of K-12 entities) and Higher education entities by the CIO's Office
 - Bandwidth and costs will be adjusted on an annual basis on or about July 1
